Agency/Component: Railroad Retirement Board

**Primary Action Planning Team** 

**Lead:** Keith Earley, Director of Human Resources **Members:** Celeste O'Keefe, Sue Chin, Shadia Nassar

2010 Hiring Reform Action Plan				
Hiring Reform Initiative:  Adopt hiring procedures that 1) eliminate any requirement that applicants respond to essay-style questions when submitting their initial application materials for any Federal job; 2) allow individuals to apply for Federal employment by submitting resumes and cover letters or completing simple, plain language applications, and assess applicants using valid, reliable tools; and 3) provide for selection from among a larger number of qualified applicants by using the "category rating" approach, rather than the "rule of 3" approach.	Date: July 13, 2010			

#### Describe the barrier, problem, or deficiency being addressed:

Applicants are still applying for positions using KSA's. We are working on developing appropriate assessment methods in order to eliminate the need for KSA essays.

#### Describe what is causing the barrier/problem (i.e., What is the root cause?):

Barriers: Personnel Resources, workloads

Several members of our staff attended training on various assessment tools during the month of June but there are still some areas where we need training. Additionally, it is difficult to dedicate continuous staff time to developing alternate assessment methods due to heavy workloads.

#### Define success or the desired outcome upon completion of action steps below:

Once we determine and implement valid assessment methods, we can eliminate the need for essay style questions and will be able to accept plain language applications. Our agency has already been using category rating.

## **2010 Hiring Reform Action Plan** Hiring Reform Initiative: Require that managers and supervisors with Date: responsibility for hiring are 1) more fully involved in the hiring process, July 13, 2010 including planning current and future workforce requirements, identifying the skills required for the job, and engaging actively in the recruitment and, when applicable, the interviewing process; and 2) accountable for recruiting and hiring highly qualified employees and supporting their successful transition into Federal service, beginning with the first performance review cycle starting after November 1, 2010.

#### Describe the barrier, problem, or deficiency being addressed:

Our agency's hiring managers are already involved in workforce planning and the hiring process but we have not yet measured their satisfaction with the process. Part of the agency's strategic plan focuses on succession planning, recruitment, hiring and training. Executives and managers performance plans link to our strategic plan.

#### Describe what is causing the barrier/problem (i.e., What is the root cause?):

Barrier: Collective Bargaining Agreement (CBA) and limited Subject Matter Experts Subject Matter Experts (SME) that are on the hiring panel are not allowed to be the selecting official. This sometimes makes it difficult to involve a hiring manager if they are also an SME.

#### Define success or the desired outcome upon completion of action steps below:

Managers are involved in the hiring process and are satisfied with their selections. Managers are accountable for recruiting and hiring highly qualified employees and supporting their successful transition into Federal service.

### 2010 Hiring Reform Action Plan Date: Hiring Reform Initiative: Provide OPM and OMB timelines and targets to July 13, 2010 1) improve the quality and speed of agency hiring by reducing substantially the time it takes to hire mission-critical and commonly filled positions, measuring the quality and speed of the hiring process, and analyzing the causes of agency hiring problems and actions that will be taken to reduce them; and 2) provide every agency hiring manager training on effective, efficient, and timely ways to recruit and hire wellqualified individuals.

#### Describe the barrier, problem, or deficiency being addressed:

Barriers: Collective Bargaining Agreement (CBA), budget, personnel resources

#### Describe what is causing the barrier/problem (i.e., What is the root cause?):

Our hiring process can be lengthy (between 74 and 214 days) dependent upon the organization's internal business process, grade/level of the position being recruited and/or budget limitations (i.e. continuing resolution). Before external hiring can occur, we must refer to the CBA as it determines if a public announcement can be posted at the same time as an internal announcement. Otherwise, it must be posted after the internal announcement has been posted. Also, our staff is faced with heavy workloads and limited resources, in addition to the lack of an automated system. Merit Promotion (internal and status outside agency) candidates are rated and ranked manually before a selection may be made from any source.

#### Define success or the desired outcome upon completion of action steps below:

The time it takes to hire mission-critical and commonly filled positions is reduced and hiring managers are trained on effective, efficient, and timely ways to recruit and hire well-qualified individuals.

2010 Hiring Reform Action Plan			
<b>Hiring Reform Initiative:</b> Notify individuals applying for Federal employment through USAJobs, an OPM-approved Federal web-based employment search portal, about the status of their application at key stages of the application process.	Date: July 13, 2010		

#### Describe the barrier, problem, or deficiency being addressed:

We began utilizing this feature when it became available to us. Individuals are notified about the status of their application through USAJobs at four points of the process.

Describe what is causing the barrier/problem (i.e., What is the root cause?):

N/A
