⁸ Source: The Association of American Railroads (AAR). U.S. rail total traffic consists of carloads and intermodal units and excludes the U.S. operations of Canadian National and Canadian Pacific. Elgin, Joliet and Eastern Railway Company was included prior to July 2009 when it then was consolidated into CN. Effective 2018, U.S. rail total traffic also excludes the U.S. operations of Grupo México Transportes.

⁹ Tier I and Tier II creditable payrolls, which became effective with the Railroad Retirement Act of 1974, have annual earnings bases. RUIA payroll has a monthly earnings base. Tier I payroll includes miscellaneous compensation.

¹⁰ Starting in June 2009, includes temporary extended unemployment benefits authorized by the American Recovery and Reinvestment Act of 2009. Benefits had to begin by December 31, 2009. Beginning in November 2009, temporary extended unemployment benefits are also being paid under the Worker, Homeownership, and Business Assistance Act of 2009, as amended by the Tax Relief, Unemployment Insurance Reauthorization, and Job Creation Act of 2010, the Temporary Payroll Tax Cut Continuation Act of 2011, the Middle Class Tax Relief and Job Creation Act of 2012, and the American Taxpayer Relief Act of 2012. NOTE:---Annual labor force figures are averages of 12 mid-month figures. Mid-month employment count is estimated number of employees in active pay status on carrier reporting date, excluding strikers and other employees whose absence from duty is strike-related, and without regard to whether such excluded employees are qualified for or receiving RUIA unemployment benefits. Railroad unemployed represents number claiming benefits in week including the 15th of month. Benefits are net amounts paid during the month and do not necessarily relate to the period in which accrued. RRA benefits include payments from the Dual Benefits Payments Account. Quarterly figures shown opposite last month of quarter. Changes from preceding month's report reflect revisions based on later data. Detail may not add to totals shown because of rounding.
